

# WELCOME SUMMER

  
*Wendy*  
*Kourtney*

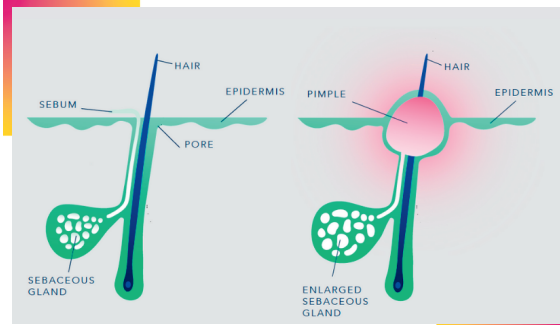

A visit to Downtown Dermatology Aesthetics offers more than just the hope of pretty skin. Our office blends medical and aesthetic dermatology to meet your skin goals in an efficient, safe and effective way. Our aestheticians have trained with Dr. Hicks-Graham on the medical side of the practice because we feel that healthy skin is the foundation of beautiful skin. Kourtney and Wendy are knowledgeable and have the judgement that benefits patients because of their experience working at a medical dermatology facility.

Our medical providers also benefit from being able to access our medical aestheticians to help reinforce treatment plans that reach into the aesthetics realm. We find that our medications work best when combined with a user-friendly routine that is well explained. Jana, Amy, and Dr. Hicks-Graham often suggest facials, chemical peels, microneedling and other skin tightening services to help meet our patients' needs.

**We also take this moment to celebrate all people with PRIDE. Our office stands for inclusive, non-judgmental care excellence, period!**

## ACNE AWARENESS MONTH

Acne is the most common skin condition that Americans face, and it's not just a problem for teens! It is caused by bacteria, sticky cells around the hair follicles that lead to clogged pores and inflammation. All of these factors lead to pimples, painful cysts and the dreaded red and brown hyperpigmentation that seems to take forever to resolve. Thankfully, there are new treatments on the horizon for acne including topical meds to help reduce oil production, and our new laser, AviClear, to help get clearance in 3 treatments, that compares to isotretinoin (formerly known as Accutane).

## HYDRAFACIAL

One of our fan favorite services at the practice is the Hydrafacial. It is so great because of its versatility - treating fine lines and wrinkles, elasticity and firmness, texture, pores, skin tone and vibrancy. The service clears out congested pores and is great for acne all while being gentle on skin.

**Schedule your appointment with Kourtney or Wendy today!**

**JUNE 13****20% OFF****All Products & Aesthetic Services\***\*excludes CeraVe, LivSo and Latisse**Save the Next Date - July 11**
