Fall Peel Event

The early signs of autumn remind us to recommit to our skin care goals and finally get the results we want after the summer heat and sun. Chemical peels do just that and help with pores, fine lines, acne and discoloration. All month long come in and enjoy great pricing on our beloved SkinMedical peels or the new VI Peels - complete with aftercare products and a digital app with full support. Work with Kourtney or Wendy to find the right system for you. **Reach out today to schedule your series today by calling or texting.**

Kourtney

New Patient Appointments Available

We now have appointments available within 24 hours because of our increased capacity with our new dermatologist, Dr. Ezra Hoover. Amy Lipp, PA-C is also available for telemedicine appointments, great for medication refills, skin rashes, acne or any other skin concern.

Call today to schedule and take advantage of this year's health insurance benefits before the end of the year.

Acne Got You Feeling Blue?

Acne can be a total drag when you have tried all the oral and topical treatments, yet still face the possibility of isotretinoin. The great thing is that now you have another option - **AVICLEAR**. The first and only FDA approved laser for moderate to severe acne without the need for laboratory studies or oral medications. Three monthly treatments, safe for all skin types. Ask about whether this treatment may be right for you today!

Product Spotlight Cysteamine HSA Pigment & Tone Corrector

This new and improved formula brings together two powerful active ingredients, Heparan Sulfate Analog and Cysteamine HCl, to address dark spots and stubborn hyperpigmentation, restoring a visibly even complexion to all skin tones. The hydroquinone-free formula is safe for long-term use and gentle enough for even those with dry, sensitive skin.
