

November is

Healthy Skin Awareness Month

It's amazing that there is an entire month dedicated to the subject that we love. We are intentionally highlighting ways to achieve healthy skin for life.

1

Wear sunscreen. All year. Just do it.

2

Use a retinoid. This is the tricky unsung hero of the coveted skincare routine. It helps build collagen, regulates cell turnover for a healthy glow and minimizes acne while smoothing out hyperpigmentation.

3

Get your skin checked. A thorough and painless skin exam can help with early diagnosis and treatment of skin cancer and any other concern. Dermatologists are the experts, don't get it twisted! A visit can save you valuable time and money getting you the results that you seek with the reassurance you need.

National Retinol Day is Here!

November 7

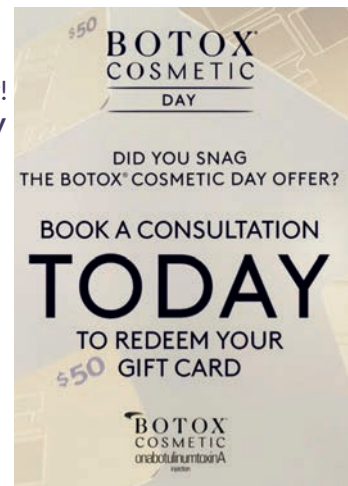

Retinol is a Vitamin A derivative similar to retinoids, available over the counter. Retinols are more gentle, unlike prescription retinoids that can cause dryness and irritation. Come in and check out SkinBetter AlphaRet OverNight Cream and Peel Pads.

Talking About Those Tox's

Botox, the queen of cosmetic dermatology, is ready to celebrate yet another year of paving the way! Mark your calendars for **Botox Day November 16**. Get Holiday ready with double the Alle points November 16-30, with a **BONUS BOGO \$50 gift card via Alle**.

Don't miss out! Be sure to sign up for Alle prior to your appointment to put your best face forward for the holiday season!

What's the Hype About Dermaplaning?

Dermaplaning is a great service provided by our aestheticians and can help your skin look more radiant, allowing highly-active serums and moisturizers to show off their effect by removal of superficial layers of skin and unwanted fine hair. Achieve the appearance of brighter, smoother skin while amplifying the skin's absorption levels, making your products work more efficiently. Call or text to schedule with Kourtney or Wendy.
