NEWSLETTER NOVEMBER 2026

November is National Healthy Skin Month

Healthy skin deserves attention all year long! With colder temperatures and drier air settling in, November is a great reminder to give your skin a little extra TLC. Keep your skin looking and feeling its best with a few simple habits:

HYDRATE: Apply moisturizer daily to help protect your skin's natural moisture barrier.
PROTECT: Don't put away the SPF! Sun protection is just as important during the cooler months.
EXAMINE: Pay attention to new or changing moles, spots, or anything unusual on your skin.

A little extra care goes a long way toward maintaining healthy skin. If you've noticed any changes or have concerns about your skin, don't hesitate to bring them up during your next visit. We're always happy to help!
